## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-21 are allowed.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

Claims 1, 13, and 21, as well as their dependent claims, are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found there including airflow control means arranged outside of the wedge gap but in direct proximity of the delivery roller pair and apron pair. Such a location in the specific setup of a drafting unit on a spinning machine results in a novel and unexpected airflow correction which is beneficial to the overall quality of the yarn being produced in the spinning machine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hedaway (3742696), Yamana et al (4107911), Stahlecker (5335397), and Stahlecker (5465465) all teach what is well known in the drafting art.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shaun R. Hurley whose telephone number is (571) 272-4986. The examiner can normally be reached on Mon - Fri, 6:30 am - 3:00 pm, off second Friday.
